CENTRIFUGAL PUMPS

Vertical Turbine, Multistage, Split Case, ANSI and End Suction Pumps

- Available in all metallurgies, alloys & various non-metallic materials
- Mechanical seals and packing available for all fluid applications
- Water transfer & constant pressure booster systems
- For mining, construction, boiler-feed, chillers and cooling towers
- Vertical line-shaft & submersible turbine pumps
- Chemical slurry pumps with dynamic seals

POSITIVE DISPLACEMENT PUMPS

Gear, Vane, Rotary Lobe, Peristaltic, Piston and Progressing Cavity Pumps

- Available in all metallurgies, alloys & various non-metallic materials
- High viscosity, high temperature, high pressure, large solids & self-priming
- Applications include chemical, petroleum, asphalt, food processing, beverage, pharmaceutical, biotechnology & sludge transfer
- FDA, 3A & EHEDG Compliant

DEWATERING, SUMP & SEWAGE PUMPS

Self Priming, Effluent, Sump, Sewage and Chopper Pumps

- Available in all metallurgies, alloys & various non-metallic materials
- Self priming skid or trailer mounted pumps for construction use
- Available in vertical, horizontal & submersible configurations
- Applications include abrasives, solids & chemical
- Portable sump & sewage handling pumps
- Configurations include, non-clog, grinder, vortex & chopper

CHEMICAL & METERING PUMPS

Designed for Pumping Hazardous, Aggressive and Hard-to-Seal Liquids, High Purity Chemicals, Solvents, Acids and Bases

- Centrifugals are available in horizontal & vertical configuration
- No mechanical shaft seals or packing required
- Diaphragm, peristaltic & bellows metering pumps
- Complete packaged metering pump skids

DIAPHRAGM PUMPS

Diaphragm Pumps for Tough Applications

- Available in all metallurgies, alloys & various non-metallic materials
- Pneumatic & electric driven
- Self priming, high solids, dead head, lube free and run dry capabilities
- Flows to 275 GPM and pressures to 300 PSI
- Solid sizes to 3" diameter
- Clamp-band and bolted styles available

FLOW METERS

Flow Meters

- Styles include positive displacement, magnetic, turbine and mass-flow for water, petroleum & chemicals
- Rate & batch, totalizing, remote read

FILTRATION

Filter Vessels, Media & Basket Strainers

- Filter vessels & basket strainers available in various metallurgies and non-metallic materials. Filter bag and cartridge media available in a variety of sizes and micron ratings

MIXERS

Mixers

- Top entry, side entry, portable, tote & more
- Custom mixers are available

MECHANICAL SEALS

Sealing Solutions

- Mechanical seals for all types of pumps including ANSI, vertical turbine, gear and more.
- Configurations include, single, double, split, cartridge and more

VALVES & ACTUATORS

Valves & Actuators

- Complete line of valves for industrial & sanitary applications
- Pneumatic and electronic actuators

MOTORS & CONTROLS

Motors and Controls

- Complete line of motors including horizontal, vertical & submersible
- Custom control panels with optional lead / lag, soft starter & variable frequency drives

Engineering and Sales Support

About Phoenix Pumps

Since 1985, Phoenix Pumps, Inc. has offered quality products for industrial, mining, municipal and construction marketplaces. Pumps, filtration and flowmeters are our specialty. Our large inventory will ensure the success of your operations. Our territorial coverage includes Arizona, Western Texas, California, New Mexico, Southern Nevada and Northern Mexico.

Application Engineering

Strong inside sales and application engineering is the key to our success. We are dedicated to providing solutions for your pumping applications. With decades of experience under our belts, we have the knowledge and the expertise to get the job done right and right on schedule.

Service Center

Our factory-trained technicians are committed to quality repairs in a timely manner. As a certified warranty repair center you can rest assured that your equipment will be built to factory specifications. Custom pump packages can be fabricated based on your specifications. Our 24-hour service line is available for emergency breakdowns.

Field Service

Phoenix Pumps, Inc. offers field services ranging from repairs and retrofits to turn-key installations. Our field service technicians are committed to bringing your system back up quickly. We know your time is limited, so let us help.
