The Chroma pump has been designed by Mono to offer a lower cost, easy to install product to ease the burden of maintaining existing assets from other PC suppliers.

Replacing your current asset with a pump from the Chroma range means you will never be left waiting for replacement pumps and parts from unresponsive suppliers.

- No pipework modifications are required.
- Full size access ports as standard.
- Available in cast iron and 316 stainless steel casing parts.
- Wetted parts are available in tool steel or 316 stainless steel.
- All rotors are plated to a thickness of 0.25mm hard chrome plating as standard.
- Stators available in a wide range of elastomers.
- Complete with efficiency 1 geared-motor that complies with Enhanced Capital Allowance (ECA) scheme.
- Baseplates available ready for drop in service.
- ATEX compliance option available complete with applicable certification.
- Attracts a 5 year warranty as standard.

The range is supported by Mono's extensive aftermarket service and support together with a manned 24/7 emergency call out service. Mono holds in excess of £3.6m worth of inventory enabling us to operate 'Best in Class' lead times.
