

# Chesterton Connect™ Gauge

## Increase Reliability with Pressure and Temperature 24/7 Remote Monitoring

Chesterton Connect™ Gauge helps increase pump uptime by allowing you to remotely monitor pressure and temperature in localized areas of your system. Utilizing the Chesterton Connect™ Gateway, the Gauge displays the measured parameters in the Chesterton Connect™ Cloud facilitating historical data trends and 24/7 notifications when user-defined thresholds are exceeded. Combined with the Cloud, the Gauge helps provide insights to improve maintenance, drive corrective actions, and optimize equipment performance.

### Applications

For use in pump suction, pump discharge and pump support systems. Suitable for measurement of liquid or gas pressure, even for difficult media such as contaminated water, steam, and mildly corrosive fluids.

### DIMENSIONS

### SPECIFICATIONS

#### Operating Parameters

Pressure	See Table
Temperature	-20°C – 85°C (-4°F – 185°F) with the CR2050 battery
Power	Battery CR2032/CR2050* (replaceable)
Fitting	1/4" NPT
Material	17-4PH and polycarbonate enclosure
Certifications	IP65, FCC, CE, RoHS, RED, IEC, ICES
Pressure Accuracy	±0.25%
Temperature Output Accuracy	±3°C
Wireless	Bluetooth® 4.2

#### Software

Secured encrypted data transfer
Easy registration through the Chesterton Connect™ App
Measurement transfer rate: 5-minute intervals using Connect Gateway
Seamless integration with the Chesterton Connect™ Cloud

## Chesterton Connect™

### Advantages

- Early detection of process instabilities
- Improves maintenance operations
- Easy to install and configure
- Securely access your data
- Compare and correlate multiple sensors
- Wireless Bluetooth® solution

### Ordering Table

Product Order #	418217
Pressure	-1 bar – 70 bar g (-14.7 psig – 1,000 psig)
Product Order #	424552
Pressure	-1 bar – 700 bar g (-14.7 psig – 10,000 psig)

## GLOBAL SOLUTIONS, LOCAL SERVICE

Since its founding in 1884, A.W. Chesterton Company has successfully met the critical needs of its diverse customer base. Today, as always, customers count on Chesterton solutions to increase equipment reliability, optimize energy consumption, and provide local technical support and service wherever they are in the world.

Chesterton's global capabilities include:

- Servicing plants in over 113 countries
- Global manufacturing operations
- More than 500 Service Centers and Sales Offices worldwide
- Over 1200 trained local Service Specialists and Technicians
